Periodica Polytechnica Chemical Engineering is a peer reviewed scientific journal published by the Faculty of Chemical Technology and Biotechnology of the Budapest University of Technology and Economics. It was founded in 1957. Publication frequency: quarterly.

Periodica Polytechnica Chemical Engineering publishes both research and application oriented papers, in the area of chemical engineering including environmental and bioengineering. **This is a diamond open access journal: publishing and downloading articles are both free of charge.** The journal does not charge authors any article processing charges (APCs), submission, or publication fees. Users have the right to read, download, copy, distribute, print, search, or link to the full text of these articles. The journal is in the [Directory of Open Access Journals \(DOAJ\)](#).

Each paper is evaluated in a blind, peer review process, with at least two reviewers for a paper. We use [Crossref/iThenticate](#) for plagiarism checking and in ethical issues the [COPE](#) guidelines are followed. Please read the [Publication Ethics and Malpractice Statement](#) for details.
